

2nd NENE KINGFISHER PACK 2007-8

Kingfisher Pack played a full part in all the Centenary activities. Commencing with St. Georges Day Parade where we were awarded the Freedom of the City along with all the Scout movement in Peterborough. May saw the centenary camp which was very wet. When will the powers that be at HQ realise this is the UK where it usually rains on Bank holidays.

The pack numbers have fluctuated throughout the year. In September we lost 10 Cubs to Scouts, leaving us with 8 in pack. Although we have 2 Beaver colony's in our group we only had 1 Beaver come to Kingfisher. With the hard work of Sherekhan and myself, making visits to local schools and the cubs left in the pack we now have 26 boys and girls in the pack.

I would like to thank my fellow leaders and cub parents for their help and support.

To one parent in particular I would like to give a special Scouting award.

It has been a difficult choice for Cub of the Year, as all the cubs have been a credit to the pack.

After burning the midnight oil and our hair a decision was reached. Cub of the Year was awarded at the AGM.
